

Pastor's Report

10-8-2020

Newcomer's Chapel, dedicated to living out Our "SOUL" Purpose as the Church.

Serving in Love:

It warmed my heart to see our church family working alongside one another at the craft show, I pray that we can find many more opportunities to roll up our sleeves and serve together.

Newcomer's Chapel will host the upcoming Charge Conference on November 7th as a zoom site.

The worship team continue to prepare for moving permanently into the Fellowship Hall for service beginning November 1st.

Plans are being made to honor all of our saints in a special but safe way on November 1st.

I have been finding new ways to comfort my sheep, outside visits have allowed me to share some time with Millie Millar and praying over the phone before medical procedures for our Nancys have been a blessing.

The Leadership team is working diligently to fill the positions of the church. It is exciting to consider all the gifts that God has given to the members of this body, may we be faithful to use them for God's Soul Purpose.

Although Annual Conference looked very different in a zoom format it still offered great opportunities for worship and church business. I was thrilled to hear the message from our bishop as it seems in alignment with our Soul Purpose vision... "I believe that there is a sense of urgency, a clarion call from God, for the followers of Jesus Christ to shine the light of Christ, to be the very embodiment of Christ's light and his love and his mercy, to work for peace and justice for the marginalized for the healing of the nation and for the transformation of the world."

Concerns: Please Pray for those suffering from every kind of storm, natural storms, emotional sotrms, relationship storms, financial storms, physical storms, and spiritual storms.
