# Bauman Bits & Pieces

Serving the people of Papua New Guinea  
through audio recordings

August 21, 2021

A few days ago I got an email from my manager detailing his plans for future language recordings in Papua New Guinea and asking me to set them up in our project management system. I connected in to their computer system and quickly got those ready. That night—11:30pm our time—I also got in on a video conference with my teammates in Papua New Guinea. It was encouraging to discuss upcoming projects with co-workers and make plans for a new internet system to distribute the scripture and music we have produced in over 300 languages.

We are excited to report that only \$680 more per month is needed to meet our Wycliffe budget so Dan can again devote his full time and attention to helping make God's Word accessible to the people of PNG in their heart language. Keep praying towards that goal and for wisdom as the team moves ahead.
