Well working teams improve the productivity and results of their work. A few weeks ago our PNG team had a virtual meeting to discuss changes to improve our team work. I (Dan) have become the point person for tracking, final processing and organizing team project files.

Praise for

- New Testament recordings and songs getting to remote PNG language groups.
- Health and strength over the last several weeks while moving (across the landing), involvement with VBS, worship leading at church and looking after grandkids.

Pray for

- Our team members as we work together getting God's word to those who have not heard.
- Arlene and I sharing at a partnering church this Sunday.
- Arlene's mom diagnosed with ALS and all the adjustments involved with that.
