### Full House

Several months ago, we heard about a "full house" of New Testament recordings and a Scripture video dubbing going on at Ukarumpa. All the studios were in use, so one of the recordings was done in our manager's office.

Studio A - **Enga New Testament** recording  
Studio B - **Uare New Testament** recording  
Studio C - **Nama Hope Video Dubbing**

### Check & Double Check

Dan has been doing final checks and clean up of the Kaluli and Lokep New Testament (NT) recordings. During the recordings, the technicians must manage hundreds of hours of recording the 260 NT chapters, marking the position of almost 8,000 verse, while ensuring that everything gets properly recorded. It's a monumental task for all those involved.

### Upcoming Lokep & Kaluli New Testament Dedications

After years of Bible translation, a dedication of this work to the Lord is in order. So in June the Lokep people will gather and celebrate the arrival of printed and audio version of the New Testament. Then in July, another dedication will take place in the Kaluli language area as their New Testament arrives. May God be honored as His people gather and celebrate around His word.

**Praise for**

- God's people working to get His word to many who have never heard.
- Great internet connection speeds to PNG, and technical tools to produce these Scripture recordings.

**Pray for**

- A fresh move of the Spirit as God's word is declared and distributed at these dedications.
- Dan as he faces technical challenges with these NT recordings in preparation for the dedications.
- Us as we need to find new accommodations and move in the next several months. We knew this was coming, but it came more quickly than expected.
